Having said providers follow different business models, here are some features of ours.

- ◆ We can offer more flexibility in dates and timings when they involve courses that we are instructors for ourselves, which are all the category 1 business courses, Rodent Control, Mole Control and Tractors. **We can also potentially deliver these throughout Wales.**
- ◆ We can offer chainsaws here in Tonypanydy, at Pwllpieran, and at Penllyn
- ◆ We do not offer shearing, AI, Cattle foot trimming.
- ◆ We only offer pesticides on specific dates usually every 3 months, and all are held here due to equipment

BUSINESS COURSES.

If a group of farmers want to “**SELF ORGANISE**” we can organise a course for them in a particular area on a date to suit.

So if you have neighbours, friends interested in a course, as long as there are 4 minimum– 8 or 10 max, we can do this. Just make sure you all apply in same window, and let me know your “group” members.

This could suit members of discussion groups, agrigop groups etc. If you want call us, and we can arrange help with their PDP'S as well.

SAME APPLIES TO RODENT CONTROL !

Improve **FINANCIAL** skills- £££££

FINANCIAL RECORDING AND VAT

UNDERSTANDING AND USING YOUR ACCOUNTS

MANAGING YOUR CASH FLOW

Are 3 complimentary courses, good to do them in the order above, but whatever order you do them, they should prove useful.
