The Qualification is comprised of six Mandatory units that have been identified as suitable and relevant to the range of skills required for learners within a voluntary environment. The units available can be used to create individual learning programmes tailored to the learners' needs whilst enabling those learners to achieve or work towards achieving a national qualification and improve their opportunities. The Level 3 Award is awarded upon the achievement of six credits (42 Guided Learning Hours). All six credits must come from the Mandatory units:

- Plan Volunteer Work
- Organise Volunteers and Resources
- Communicate Effectively to Brief Volunteers
- Monitor Volunteer Work
- Give Feedback to Volunteers
- Support Volunteers to Solve Problems

Your workbook comes with all the assessment criteria, and you can fill in sections and answer the questions using examples and material generated in your job role.

If you opt for the taught options, you will receive "theory nuggets" and insights into what works, which can augment your workbook.

Your workbook is marked by Lantra, and if successful you receive a level 3 award qualification, and certificates for the 6 units in the qualification.
