Previous client? Done all the "useful" courses?

With an eye to the future, why not consider a qualification?

Level 2 award Safe Working in Agriculture .

Yes, we know it sounds boring, BUT :-it is focused on farming, and it is practical, and **delivered by Farmers**. It is not a lecture taken straight off a health and safety poster, it looks at real issues that face us as Farmers, and can help with dealing with inspections, complying with legislation, and professionalising your farm operations. The training is customised to issues real to Welsh Family Livestock Farms, and, because it is a **qualification**, counts as **CPD—Continuing Professional Development**.

CAN BE USED ON A CV— CAN BE DONE BY ANYONE OVER 16

so great for the kids if looking to go to college part time or full time, or looking to work in the industry. The course is 1 day in length, and at the end you take a multiple choice question paper, which when passed gives you the qualification.

We are running this **PAN WALES** as face to face training, so there will be opportunities in 2022 to attend **local sessions. Cost £285—80 % FUNDED—You pay £57.**
